Data Sources

What are the main original sources of information? E.g. Chambers of commerce, local courts, yellow pages etc. Note that this document may go to customers, so do not name any confidential sources.

NOTE - This should apply to, registered companies and sole traders/none registered companies.

Financial data: Registrar of Companies in Bangladesh (Financials are generally available for listed entities)

Negative data: We refer to the database maintained by our Debt Collection vertical.

Demographic data: Not available

Payment data: Not available

Collection data: Not available

Shareholders data: Registrar of Companies in case of incorporated entities

Group structure / corporate hierarchy: Registrar of Companies in case of incorporated entities

Other key information: Registrar of Companies in case of incorporated entities

How often the above data is updated?

There is no live feed in Bangladesh and data is updated on request. A physical inspection of the file is required

Do you contact companies via a telephone interview or site visits at regular intervals e.g. once a year?

A direct contact is established whenever we receive a fresh request.

Regulations / Legal requirements

Which types of company have to file financial data e.g. registered companies, public companies only etc.?

All incorporated entities are required to file financials with the Company Registrar.

List any filing exemptions and thresholds (e.g. companies of certain size may only have to file a balance sheet, large companies have to file a Profit & loss etc)

For Private Limited companies Profit & Loss statement is not available for public viewing.

How long after the financial year end do companies have to file financials?

As a general rule, financials have to be filed within 7 months after the financial year ends, unless a company seeks extension for the same.

What is the penalty for not filing the financial data?

The penalty amount varies with the delay period and most companies do file their financials within the stipulated time period. However the Registrar of Companies grants delays in filing of documents as per its discretion.

Negative Data

What type of negative data is available in your country e.g.

Bankruptcies/insolvencies: There is no code for bankruptcy in Bangladesh

Court cases/actions: In Bangladesh, a central depository of reported judgements or cases is not available

Debt collection cases: We refer to our internal database maintained by our Collection vertical.

Any other negative data specific to your country: N/A

How often is this negative data updated?

The data is updated whenever we receive a request for the company.

Credit Rating & Limit

Do you give a credit rating & limit on all companies?

Yes

What is the credit rating intended to predict? E.g. insolvency, ability to pay etc

It predicts the ability to pay and creditworthiness of the company

Is Payment data included in your credit scoring model?

No, payment records are not available

What does the credit limit mean? E.g. amount of credit you can extend in a 30 day period etc?

Our recommendation does not comment on the credit period to be extended. Rather it only suggests the maximum exposure you can undertake.
