How often the above data is updated e.g. daily, weekly etc.?

Upon Request as well as annual updates from the official registers of company's records through our own data acquisition program

Do you contact companies via a telephone interview or site visits at regular intervals e.g. once a year?

Yes upon request for an investigation, telephone interviews are conducted when compiling credit reports. Site visits and other physical type's inspections or investigations are conducted on a case by case and are not covered by the credit reports type enquiries in general.

Regulations/ Legal requirements

Which types of company have to file financial data e.g. registered companies, public companies only etc.?

There are three kinds of legal entities that are required to release their financial statements (listed joint stock companies, closed joint stock companies, limited liability companies and single limited liabilities companies).

List any filing exemptions and thresholds (e.g. companies of certain size may only have to file a balance sheet, large companies have to file a Profit & loss etc.)

How long after the financial year end do companies have to file financials?

As listed companies, the electronic filing of quarter and annual financial reports to the Casablanca Stock Exchange is optional and there is no specific timing requirement but usually the time frame is during three months after the period ends.

What is the penalty for not filing the financial data? Is it likely a company would prefer the penalty rather than filing them?

Negative Data

What type of negative data is available in your country e.g.

Bankruptcies/Insolvencies: May be available but not included within the scope of a usual credit report investigation.

Court Cases/ Actions: May be available but not included within the scope of a usual credit report investigation.

Debt Collection cases: Checks of Debt Collection Agency records are made to check any matches of the subject name for having unpaid or late invoices to suppliers. We access local and regional agencies records. Note this is a commercial source and not an official source in this country.

Any other negative data specific to your country: N/A

How often is this negative data updated? On a "case by case" basis and also when conducting our investigations mostly.
